"We had the honour of having Ben perform at our wedding and he made the day so special.

Ourselves and all our guests were blown away with how talented he is. There were two incredible set lists with a great variety of genres that really got people up and dancing. Ben really shone with his professionalism and kindness. He is a credit to the industry and thank you for giving us the most incredible wedding day full of memories to cherish."

"Our day simply wouldn't have been the same if you weren't there. You were incredible, such an amazing voice and your performances were outstanding! So many of our guests kept saying how they were just blown away with your voice. Even some said they thought it was a CD playing and then noticed you were singing! Absolutely by far the best addition to our big special day and we cannot thank you enough. We will be booking you for any special occasion we have in the near future."

Charlotte Gilbert

"Truly sensational! We hired Ben to sing during our drinks reception and he was resounding success. A number of guests initially thought the music was being played through the sound system and did not realise there was actually a live singer! Ben was really easy to communicate with and reliable regarding timings on the big day. He created a great atmosphere and really made this part of our day really special. Thanks so much."
